## About me

I am Luka Guledani, a 23-year-old adventurer who loves hiking, scouting, and traveling. I'm always on the lookout for new experiences and enjoy exploring the unknown. I have a passion for discovering new places and connecting with nature. Additionally, I am deeply involved in technology and programming, where I have specialized knowledge and a keen interest. I also have a strong relationship with children and have gained valuable experience through my adventures.

In my experiences is a projects and certificates created and developed by me, which I have uploaded on GitHub.

## Skills

## Interests And Tech Stack

Tech Stack: JavaScript, Node.js, Python, Fast API, HTML/CSS, Linux.

I have a deep passion for adventure scouting and hiking, where I can explore new places, challenge myself, and connect with nature. Additionally, I am fascinated by technology and enjoy delving into various programming languages. I believe in the power of continuous learning and am always eager to expand my knowledge and skills in these areas.
